“Volunteer Outreach to Victims of Violence” is the 2006 - 2007 State Project for SCFCL designed to improve the situation for victims of violence in their communities.

List each activity of the V o vv Project on this form. List the number of FCL members who participated, the total hours committed (for example time expended for organization, preparation, delivery or execution of project, travel, clean-up, and follow-up activities), and the estimated value of donations or time contributed. Use \$18 per hour for value of this volunteer time.

FCL clubs will use this Activity Report to record accomplishments each year. The County Project Chair (or county representative) will collect all club forms, summarize the information, and submit a consolidated County Report utilizing this form. Countywide V o vv activities should be included in the County Report.

The 2006 County Activity Reports are to be received by the State Project Chair on or before **December 31, 2006**. The 2007 County Activity Reports are to be received by the State Project Chair on or before **December 31, 2007**. The State Project Chair will summarize all reports into a State Report to be used within the state and will share it with NVON, our national affiliated organization.

V o vv State Project Chair:

Margaret Sanders; 7489 State Highway 213, Winnsboro, S.C. 29180; (803) 635-1507
