“Diapers and Pads Handmade by SCFCL” Project Report Form

This project brings awareness to the need for reusable personal items for girls/women and reusable diapers for babies/children in third world countries, like Zimbabwe, Haiti, Liberia, Uganda, Kenya, South Sudan and Guatemala. They do not have access to the disposable items like we use in the United States. We recognize the need to help those

babies, girls and women with these items.

All babies/children around the world require the use of diapers before they are “potty” trained approximately ages 2 to 3. Other countries are not as fortunate as the United State of America to have a drug store on every corner or a convenient/grocery store in every neighborhood filled with disposable diapers in a variety of sizes. There are no disposable diapers and no proper places to dispose of the used ones where they live.

Girls about 13 years old and women use personal hygiene items every 4th week until they reach their mid 50-60's. These personal items are not readily available for them either.

Through generous donations of fabric and time, these reusable diapers and pads can be handmade. Making these items help our sisters in faraway countries with reusable not disposable ones. Several companies and missionaries send/take these items to those in need. All we need to do is make the items and donate.

Starting **January 1, 2019** there are three ways to participate in this project:

1. Make the reusable diapers and reusable pads yourself, with a club or with your church group.
2. Donate material, thread, old towels etc. (clean out your cabinets, closets and boxes) for your county to make Diapers and/or Pads.
3. Cut or organize materials for making of Diapers and/or Pads.

Fill out the below information and submit to Alice Williams, Project Chair by **October 1, 2019** (Alice will give a report of progress at the 2019 Annual Meeting)
