

Wisconsin Nicaragua

Partners of the Americas, Inc.

**Help get
Clean Drinking Water
to those in need**

SCFCL members who want to make donations toward helping communities and villages in need of clean drinking water can make individual donations to Wisconsin Nicaragua Partners (W/WP). When SCFCL participated in the Water Around the World Project in Common with National Volunteer Outreach Network (NVON), Wisconsin sent some of their members to Nicaragua with water filters to teach people how to set-up, how to use and take care of water filters.

You can continue this effort by making an individual donation to the below link.

Below is a link to make a donation to help get clean drink water to those in need in Nicaragua.

[Click here](#) to help purchase more @\$20/filter.

The W/NP Dulce Porvenir Learning Center in Tipitapa is helping with the distribution of 179 Water Filters with buckets to communities that have problems with contaminated water. Thanks to all the people who made this possible. There are still many communities in need of filters to obtain a better quality of drinking water. [Read more](#) here.

Demonstration of how to use buckets with water filters then distributed to families so it's more convenient to have clean drinking water.

Families are taking buckets with filters to their homes so they can have a better quality of drinking water.
